N63 THREADED CHOKE

WORLD'S FIRST 3" THREADED INLINE REPAIRABLE CHOKE

Less Down Time =
MORE Production Time

**MEET
THE**

N63"

TC LOK

The easiest 3" threaded choke on the market to **REPAIR IN-LINE**. Now you can quickly and easily repair your 3" threaded choke in the field just like you can with your traditional 2" N60. **TC LOK** is Superior's exclusive design for attaching Tungsten Carbide noses to choke stems, up to 7x's stronger than traditional brazing. Don't forget you will need a new choke wrench to change out the seat.

SPECIFICATIONS

- 3" LP Connections
- 5000 PSI Working Pressure
- 2" Orifice

AVAILABLE TRIMS

- Standard Trim (Carbon Steel)
- Stainless Steel
- TBG Plated
- Tungsten Carbide/Stainless Steel

ADDED BENEFITS

- 1st Ever 3" Threaded In-Line Repairable choke
- Stem noses are replaceable
