PIG SIGNALLER

The **SPS-5000** was developed with the customer in mind.

We set out to create a Pig Signal that could be **dependable, repeatable** and **easier to work with** in the field, all with the overarching directive to not "over-engineer" the product.

The 1-1/2"NPT ID Thread on the TOR nipple will make closing/plugging-off your pipeline much more **user friendly**.

SPS
Superior Pig Signaller

PIG SIGNALLER FEATURES:

- TOR Nipple:
  - 1-1/2"NPT ID Thread, for easy shut in's
  - 2" LP or 2" BW connection
- TOR Nipple has wrench flats for easy installation and repair
- Trigger has a ball shaped tip to reduce likelihood of damaged pigs
- Keyway with capabilities for Lock Out / Tag Out procedures
- More flag positioning settings than the competition
- Omni-directional trigger
- Machined brass plug available for shut in's
